Telephone Calls

From J.Bairos COMCAST Day before Cable price changes letter arrives (Dec.28)

Purpose: notice of change and opportunity for Q & A

Discussion: What charges went up or down and anything new. New included breakout of **Senior installation charge**. Requested information on how this charge gets processed vs. regular charge and at what point with request or at time of installation? Reply: Mon, 9 Jan 2006 below

Hello Susan,

per our discussion last week, the price for an installation for a Senior Citizen, effective February 1, 2006 will be \$10.00.

To receive that installation price, a customer must provide verification of age and verify that the location of the installation is their residence.

A driver's license will suffice as verification.

e-mail to chairman@7TownTV.org

From PEG: 01.24.05 NHTV Material for PEG Committee
